Modern slavery and human trafficking are serious crimes and gross violations of fundamental human rights. The deprivation of a person's liberty for commercial gain is unacceptable.

Dataflex International and all her subsidiaries (hereafter called 'Dataflex') have a zero tolerance approach to modern slavery and human trafficking. Dataflex is committed to ensuring there is openness and transparency in its own business and in its approach to tackling modern slavery and human trafficking throughout its supply chain.

Dataflex supports and complies with the disclosure obligations of Section 54 of the UK Modern Slavery Act 2015. Dataflex cooperates with its business partners to understand all potential modern slavery risks and to ensure steps are taken and maintained to prevent slavery and human trafficking in the entire supply chain.
